American Numismatic Society,

New York City:

Dear Sirs - Could you inform me where I might be able to procure a list of the different denominations of silver, nickel, copper and bronze coins of the various countries of the world, minted during the past twenty-five years, especially those of recent issue?

If you could furnish me with the above information I would appreciate it very much, as I am endeavoring to obtain a collection of such coins.

Kindly let me know on which days and between what hours the museum is open to the public.

Very truly yours

C. Frank Bogert,

Dear Sir:

The question you ask is an extremely difficult one to answer, as I know of no publication that brings the various foreign currencies anywhere near up-to-date. We here refer to "The Statesman's Yearbook" when we want this information.

The Museum is now closed and will be so for a number of months on account of the erection of a new building and repairs. The offices, however, are open and coins can be shown from the cabinet.

Very truly yours,

Curator.
